Purpose

Prioritize bikes along major east-west bike route that avoids hills and connects Market and Panhandle
Challenges

• Eastbound Duboce at Market – complex bike crossing

• Duboce/Church & Duboce/Steiner – complex intersections with Muni tracks

• Haight Street – busy with Muni and commercial activity
Challenges

• Scott – cut-through for motorists
• Scott/Fell – left-turn bike/motorist conflicts

• All intersections – pedestrian/cyclist/motorist conflicts
• Throughout – tour buses and employer shuttles
• Throughout – lack of route identity and visual cues
Solutions

• Wayfinding for bikes and pedestrians
Wiggle-themed street furniture – benches and bike racks
Bicycle Street - Car is Guest
• Study closure of Buchanan
• Add crossbike adjacent to crosswalk
• Allow eastbound bike movement in one phase
Solutions Duboce - Church

- Crossbikes with refuge
- Rail replacement project
- Cycle track along MUNI boarding area
- Transit-only lanes
• Channelized bike turn
• Pedestrian bulb-outs
• Clearly marked intersection
• Realigned crosswalk
